THE 4X4 BLOCK SCHEDULE
The CRLS schedule consists of four blocks that meet each day. Most classes are one semester in length. Students have one 30 minute lunch period. In addition to their core academic classes, students must also take Health Education, which alternates each day for one semester with physical education or Dance. Students may choose a World Language and an elective such as Art, Music or RSTA. Block scheduling provides many benefits for our students:

• The ability to accelerate in academic and elective courses
• More time for student-teacher interaction
• Longer classes to allow time for deeper understanding
• More time for labs and advanced topics
• Fewer class changes; more passing time between classes
• Fewer subjects to focus on or prepare for at one time
• A longer lunch period

DUAL ENROLLMENT COURSES
The Commonwealth Dual Enrollment Partnership (CDEP) offers an alternative for students who may not have access to AP courses at their high school. This program gives high school students with average GPAs of 2.5 or higher the opportunity to enroll in courses at a local college while they are still enrolled in high school. Credits for the college courses can apply to both the high school and college transcript. CRLS currently offers Bunker Hill Community College dual enrollment courses in English Language Arts. CRLS currently offers one University of Massachusetts Boston dual enrollment course in History.

CORE CLASSES
Core academic classes include English, History, Mathematics, Science, and World Language. Honors classes are available in History, Mathematics, Science and World Language. The standard, grade-level option is called “College Prep.” CRLS is in the process of offering Honors English classes to all students. CRLS currently offers one University of Massachusetts Boston dual enrollment course in History.

Drama and Dance Programs at CRLS offer a carefully sequenced program of studies. There are four levels of acting, four levels of modern dance, and an independent study option in technical theatre and design.

Drama and Dance students present several major productions each year and participate in the Massachusetts High School Drama Festival. In addition, advanced-level dance students present concerts of original choreography. Professional actors, dancers, and performing companies are invited to the classes on a regular basis to work with and perform for students.

The Music Program has a concert band, a string orchestra, a chorus, and a drumline. Through the study of a wide range of music literature (baroque, classical, folk, jazz, rock) students can become intelligent consumers, producers, and/or creators of music. Students perform in assemblies, competitions, concerts, and civic affairs.

In Music Production, students explore the roles and responsibilities of music producers and engineers from idea inception to finished product. This course includes an overview of studio technologies and basic recording procedures.

Unlike many other school systems, Cambridge provides music, accessories, and use of high school owned instruments free of charge. Solo, ensemble, and chamber music performances are encouraged.

The Visual Art Program strives for excellence in instruction. Offerings are varied and provide both a solid grounding in the visual arts and scaffolding in all areas to reach a high degree of competence in several visual art disciplines. Including the Two-Dimensional Art, the Art of Fashion, Jewelry Making, Ceramics, Digital Art, and Photography.
